Summary

Mobile Developer with 3+ years of experience building cross-platform applications with Flutter. Specialized in early-stage product development, having built mobile apps from scratch for multiple startups. Skilled in architecting scalable solutions, implementing intuitive UI/UX, and delivering production-ready applications from concept to launch.

Professional Experience

Mobile Developer

Numoni | Lagos, Nigeria | September 2025 - Present

- Built and shipped live mobile applications currently available on both app stores
- Implemented core features, UI flows, and app architecture used in production
- Actively maintain and improve the apps post-launch, including bug fixes, performance improvements, and feature updates
- Collaborate with product and backend teams to evolve the platform

Mobile Developer

Fiilar | Lagos, Nigeria | March 2024 - January 2026

- Built Fiilar's first mobile application from scratch, translating early product ideas into a functional app
- Led mobile architecture, UI implementation, and core feature development
- Collaborated with founders during the product discovery and MVP phase
- Delivered a production-ready application prior to public launch

Mobile Developer

Qwique | Lagos, Nigeria | April 2023 - December 2023

- Built the first mobile application prototype for Qwique, shaping core features and UI from concept to working build
- Designed and implemented key functionality for the MVP
- Collaborated with the team on product design, backlog planning, and technical direction

Technology Consultant (Internship)

KPMG Professional Services | Lagos, Nigeria | May 2022 - March 2023

- Assisted in the development of a Treasury System for a financial institution
- Supported integration and functional testing to ensure system accuracy
- Managed data workstreams and coordinated project documentation

---
